

CERTIFICATE OF SOFTWARE VALIDATION

Assurance of Structural Integrity

Product Number:

667001457

Version Number:

N/A

Product Name:

Empower™ Service Pack A,B

We assure that the software was developed, tested and validated according to the steps outlined in the Software Quality Plan (Rev 0 or higher) for this product of the Waters Corporation Data Products Group. Software Life Cycle checkpoints were reviewed and approved by management. This product was found to meet the marketing and functional requirements and release criteria as outlined in the Test Plan at the time of shipment.

To support this certificate for GLP and cGMP requirements of the user of this product, we will make the following documents available to customers, an authorized governmental or regulatory agency for inspection at Waters Corporation, Milford, Massachusetts:

- Marketing Requirements Definition
- Functional Specification
- Software Quality Plan
- Test Plan
- Test Summary Reports
- Source Code Documentation
- Hardware Testing Configurations

Waters Corporation will maintain this documentation on-site or at a secure off-site location and will require a non-disclosure agreement to be provided by those wanting access to the information.
